

AN AFTERNOON OF FAMILY, MUSIC, AND LOVE

Though the weather was definitely questionable in the morning, with rain and gray skies, luckily, the clouds parted and made way for beautiful sunshine and a gorgeous blue sky, allowing our outdoor concert to go on without a hitch! It certainly was a bit chilly, but that did not prevent families from spending a bit of time with their loved one, safely social-distancing in the parking lot while enjoying great music, courtesy of Ron Papaleo, playing oldies but goodies from the 30's through 60's. Many toes a-tapping, and hands a-clapping. Singing too, but muffled beneath masks. Many thanks to administration and activities for all the hard work in pulling this event together. We hope all those who attended enjoyed themselves!

RESIDENT PROFILE

JANE ANDERSON

What better place than church to meet your soulmate?

Jane was born and raised in North Canton, Ohio, where she lived her entire life (before moving to Anna Maria in 2019). Her father, Wilbur, was a scholarly man and a school superintendent. Her mother, Delta, was a homemaker; it's widely suspected that Jane inherited her "impish" personality from a gene on her mother's side. Jane and her brother Ron (with whom she was very close) enjoyed a fun and loving childhood, filled with lots of wonderful memories. After graduating from high school, Jane attended Heidelberg College in Tiffin, Ohio, about two hours west of Canton. Jane majored in education and was active in a performing singing group. She was quite the popular gal and elected Homecoming Queen. Though Jane caught the eye of many young men while at school, there's one in particular that caught her eye and didn't let go: her future husband Roy. The two lovebirds married after his service in the Army.

The newlyweds settled in North Canton, and were blessed with two children: Jennifer and Stuart. The family was close, spending much time playing games, crafting, cooking, and traveling throughout the U.S. during the summer months. Jane was a school teacher at Cedar Elementary (Canton Public Schools) and taught 2nd and 5th grade. She enjoyed her days in the classroom and made a significant impact on her students, many of which stayed in touch with her. Roy was in sales and traveled quite a bit. After retirement, Jane served as a board member on the Ohio Retired Teachers Association, overseeing their pension funds. The extra time funded by retirement resulted in the development of a new passion: acting. She volunteered backstage at the Canton Playhouse and was ultimately "bit" by the acting bug. After working only one backstage show, Jane moved onto the front of the stage. She founded the North Canton Playhouse Senior Troupe, producing countless plays and musicals. After a few years, Roy joined in on the fun, and they two spent many happy years performing together. One of their heralded vignettes was a skit about an elderly couple called, "Do We?" What a delightful show! Very well-received.

Sadly, Roy passed away two years ago, and though Jane misses him dearly, she decided to move to an Anna Maria apartment to be closer to her daughter Jen, who lives in Solon. Jen and husband Dave, along with their kids Lindsay and Dan, keep in touch with Jane via lots of phone calls, and outdoor visitation. Son Stu and his wife, Deb, reside in Chicago, and visit monthly. We couldn't be happier to have Jane here with us, and we wish her continued good health and happiness.

What a beautiful family! Roy, Jane, Jennifer, Stuart, spouses, and grandkids

OWL YOU NEED IS LOVE

Kensington at Anna Maria residents crafted the cutest owl simply by using a toilet paper roll. Felt, string, googly eyes, and colored construction paper rounded out the rest. So simple, yet so cute. Our little owls are a reminder that we are all OWLSOME!

PAINTED ROCKS

Enjoying the fresh air and sunshine

A local Girl Scout troop donated rocks lovingly painted with pretty pictures and inspirational sayings. Anna Maria residents spent a sunny afternoon outside admiring the rocks and placing them strategically on the grounds throughout the courtyard.

Phil D. likes the snail rock

Genee H. is awesome today

Dolores H. loves the purple rock

Next to Bingo, our residents enjoy a good game of Hangman. Always lots of fun figuring out the mystery word. Not as easy as it seems, as our activities gals keep the residents “on their toes” with tricky words.

IT'S FALL, Y'ALL!

Receptionist Colleen Storme prepares to hang a Welcome Fall sign

This sign hangs on the door of Virginia G.

Like it or not, Fall is officially here! Who's ready for sweaters, cooler weather, changing colors, apples, pumpkin-everything, and Halloween? We are! Get ready, because here we come!

BIBLE STUDY

Due to Covid, many of our volunteer-run activities have ceased. Though we hope these activities and volunteers can return one day soon, we are fortunate that a few activities have resumed, thanks to the kindness of our employees, like part-time receptionist Linda Timko. Linda is an active member of Parkside Church in Solon, and she graciously volunteered to hold a Bible Study session on Sundays. Residents are absolutely loving it. Though it's only a 1/2 hour once a week, it certainly provides a sense of calm and peace. Thank you, Linda.

CONGRATULATIONS!

WE REMEMBER - NEVER FORGET! 9/11

Patriot Day (9/11) is recognized as the official day of remembrance for this tragic event. Employees wore red, white, and blue as we honored the memory of those who lost lives and loved ones.

PAPERWEIGHTS

The activities group offers assistance

While cleaning out an area in her backyard, a Kensington employee came across many, many rocks. So she decided to bring a few in for a craft. The activities staff immediately thought: paperweights! The rocks were painted and put to good use holding down the many pieces of paper that come our way.

BAD TO THE BONE

Or, as we'd like to say, Awesome to the Core! Kensington at Anna Maria residents really appreciate their care-takers, and like to show their appreciation with small "made with love" gifts. September's gift was a delicious apple with a small tub of peanut butter wrapped in cellophane with these awesome words, "Our Staff is Awesome to the Core." We do agree!

The Kensington crew gets ready to distribute

Gabe Norton (I) is to first to receive an apple!

BUTTERFLIES

Dora M. gets ready to release her beautiful butterfly

It's true... one can purchase anything on Amazon! Kensington Activities Supervisor Amber Reed recently purchased a butterfly kit for her kids; they had so much fun with it, she thought it would be a wonderful activity for our residents. The kit included caterpillars and food. After about two weeks, butterflies emerged from the cocoons! An absolutely wonderful transformation. After saying "goodbye," the butterflies were released outside.

STONE CHERRY PIE

Welcome back Ernie Quesenberry! Our residents have missed you. Ernie assisted with many activities in the AL/IL area, however, with Covid eliminating many of our activities and bus outings, his assistance has not been needed. However, Ernie is back and residents are SO glad to see him. His first safe, socially-distanced activity? Baking a Stone Cherry Pie. Stone Cherries belong to the tomatillo family, and are similar in size and shape to a cherry tomato. The taste varies, according to how it's cooked. Some say the taste is similar to a pineapple, yet others detect a sweet, vanilla cake- type flavor. Yet others swear it tastes just like corn-on-the-cob. The pie turned out absolutely beautiful with a very unique taste. The final verdict on the flavor? Undecided...

YOGA WITH LISA

Activities Director Lisa McFarland has taken over the duties of yoga instructor, and residents are so glad to “stretch” again. Everyone definitely feels much more relaxed after a good stretching session.

THANK YOU LISA KING!

Many thanks to Lisa King (dietary) for her very generous donation of Halloween decorations. Such a kind and much appreciated gesture. Residents sure will enjoy decorating the hallways for Halloween.

BEAUTIFUL LADIES!

Wow, don't these ladies look lovely? Ginger O. has a "new do," and Valia A. shows off her manicure.

A BOUNTIFUL HARVEST

Even though fall is officially here, we still have plenty of delicious cherry tomatoes to harvest in the Grande Courtyard. Great crop this year! We also tried growing something a little different this year: Stevia. It's a sugar substitute made from the leaves of the stevia plant. We will soon harvest the plants and grind it up to use as a natural sweetener in our coffee and tea. Stevia is free from calories, carbohydrates, and artificial ingredients. It's a safe alternative to sugar for diabetics.
